

## Margarita Teresevičienė

- My Institution – Vytautas Magnus University
- Subjects that I teach:
  - Methodology of Learning in Groups
  - Basics of Andragogy
  - Organising of Adult Education
- Short, warm, informal paragraph to introduce yourself to students (no longer than half of the page)

With over 30 years experience in education, I work as a Professor at Vytautas Magnus University, Kaunas, Lithuania. Usually I provide teaching and research in the area of adult education and human resource development and participate in various projects at the university. At national level I works as a consultant in Adult education, in service teacher trainer and internationally as a project leader, participant and expert. My main areas of research are adult education and lifelong learning,
