

## Prof. Maria Giovanna Ruberto

Professor of Bioethics at University of Pavia. Master Degree in Medicine and Surgery. Phd in Internal Medicine. I have been working mainly in medical topics till 1992, when I started to be interested in Bioethics Topics. I started in 2002 a free Interfaculty course on Ethical Dilemmas, specifically addressing students coming from very different Faculties and attended also by general population .  
Research Fields : Narrative Ethics. Web Ethics. Allocation Care resources .
